INDEPENDENT AUDITORS' REPORT

Board of Commissioners
Mokena Community Park District, Illinois
Mokena, Illinois

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Mokena Community Park District, Illinois, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Park District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position-modified cash basis of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Mokena Community Park District, Illinois, as of June 30, 2015, and the respective changes in financial position-modified cash basis and, where applicable, cash flows thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

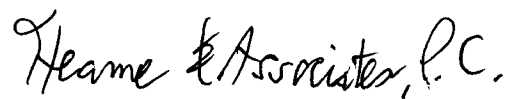

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Mokena Community Park District, Illinois's basic financial statements. The Supplementary Information, Other Supplementary Information, and Other Supplemental Schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Other Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Other Supplementary Information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The Supplementary Information and Other Supplemental Schedules have not been subjected to the auditing procedures applied in the audit of basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Mokena Community Park District, Illinois
Management's Discussion and Analysis
June 30, 2015

Introduction

This discussion and analysis of the Mokena Community Park District's financial report is designed to assist the reader in focusing on significant financial issues, provide an overview of the District's financial activity, identify changes in the District's financial position, identify any material deviations from the approved budget, and identify individual fund issues or concerns for the fiscal year ended June 30, 2015.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in its Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Financial Highlights

- The District's Net Position at the close of the most recent fiscal year is \$22,322,864. The District's total net position increased \$1,503,491 or 7.2% over the previous fiscal year. Net position of our governmental activities increased by \$1,561,125 while net position of our business-type activities decreased by \$57,634.
- Property taxes levied and collected were \$2,954,771 compared to the prior year of \$2,902,914 for an increase of \$51,857 (or 1.8%).
- At June 30, 2015, the District's governmental funds reported combined ending fund balances of \$12,020,252, an increase of \$5,734,464 from the prior year. This net increase is due mainly from the issuance of new bonds in the current year.
- The District continues to have the ability to devote resources toward maintaining, improving and expanding its parks, playgrounds and facilities. In this fiscal year, \$1,275,143 was spent on construction in process, \$29,465 on land improvements and buildings, and \$144,234 on equipment for a total of \$1,448,842 spent on capital assets for government activities. For business activities, there was equipment purchased for \$48,907 and building improvements for \$22,675.
- The District issued new debt in the current year for the face amount of \$6,500,000 with \$189,719 paid in a premium.

Overview of the Financial Statements

Management's Discussion and Analysis introduces the District's basic financial statements. The basic financial statements include three components: government-wide financial statements, fund financial statements, and notes to the financial statements. The District also includes in this report additional information to supplement the basic financial statements.

Mokena Community Park District, Illinois
Management's Discussion and Analysis
June 30, 2015

Government -Wide Financial Statements

The government-wide statements are designed to provide readers with a broad overview of the District's finances. The government-wide financial statements, Statement of Net Position and Statement of Activities represent an overview of the District as a whole, separating its operations between governmental and business-type activities.

The *Statement of Net Position* presents information on all of the District's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

The *Statement of Activities* presents changes in the District's net position during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

Both government-wide financial statements distinguish governmental activities of the District that are principally supported by taxes and intergovernmental revenues, such as grants, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government and recreation. Business-type activities reflect the District's private sector-type operations, (fitness center) where the fee for services typically covers all or most of the cost of operation including depreciation.

The government-wide financial statements are presented on pages 10 and 11 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The District has two kinds of funds:

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to assist in understanding the differences between these two perspectives.

Mokena Community Park District, Illinois
Management's Discussion and Analysis
June 30, 2015

Budgetary comparison statements are included in the basic financial statements for the general fund and major special revenue funds. Budgetary comparison schedules for other special revenue funds can be found in a later section of this report. These statements and schedules demonstrate compliance with the District's adopted annual appropriated budget.

The basic governmental fund financial statements are presented on pages 12 through 14 of this report.

Proprietary funds are reported in the fund financial statements and generally report services for which the District charges customers a fee. There are two kinds of proprietary funds. These are enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as business-type activities in the government-wide statements. Services are provided to customers external to the District organization such as the fitness center. Internal service funds provide services to customers within the District's organization. The District does not use internal service funds at this time.

Proprietary fund statements provide both long-term and short-term financial information consistent with the focus provided by the government-wide financial statements but with more detail for major enterprise funds.

The basic proprietary fund financial statements are presented on pages 15 through 17 of this report.

Notes to the Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 18 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its employees. Other supplementary information includes detail by fund for receivables, payables, transfers and payments within the reporting entity. Supplementary information can be found on pages 35 through 39 of this report.

Major funds are reported in the basic financial statements as discussed. Combining and individual statements and schedules for non-major funds are presented in a subsequent section of this report beginning on page 42.

Government-Wide Financial Analysis

In accordance with GASB Statement No. 34, the District has presented comparative financial information to better understand the District's financial position and changes in financial position.

Net position serves over time as a useful indicator of a government's financial position. As can be seen in the following tables, the District's assets exceed liabilities by \$22,322,864 as of June 30, 2015. This is an overall increase of \$1,503,491 from the prior year. A large portion of the District's assets, \$18,863,547, is invested in capital assets. The District uses capital assets to provide services and parks to its constituents. Consequently, these assets are not available for future spending.

Governmental Activities

As stated previously, Governmental activities increased the District's net position by \$1,561,125. Key elements of the entity-wide performance are as follows:

- The total revenues increased from \$3,553,050 for the fiscal year ending June 30, 2014 to \$3,924,822 for the fiscal year ending June 30, 2015.
- A grant in the amount of \$400,000 was received during the fiscal year for the Prairie Ridge park site.
- Property tax revenue increased \$51,857 or 1.8% from 2014.
- Total expenditures decreased from \$2,540,128 in 2014 to \$2,292,116 in 2015 mainly due to decreased equipment purchases, salaries and a settlement of a lawsuit resulting in fewer legal fees.

Business-Type Activities

As stated previously, business-type activities decreased the District's net position by \$57,634. Key elements of their performance were as follows:

- The revenue for services remained consistent from the prior year. The total operating revenues and non-operating revenues (expenses) increased by \$40,349 or 4.9% due to increased program fees.
- The total expenditures decreased from \$1,005,371 in 2014 to \$997,285 for 2015, which was primarily due to a decrease in repairs, maintenance, and utilities.

Mokena Community Park District, Illinois
Management's Discussion and Analysis
June 30, 2015

Governmental Funds

As discussed, governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$12,020,252. The total ending fund balances of governmental funds shows an increase of \$5,734,464 from the prior year.

Major Governmental Funds

The General, Recreation, Special Recreation, Debt Service, and Capital Projects funds are the primary operating funds of the District.

The General Fund balance as of June 30, 2015 was \$1,664,620, an increase of \$224,993 from the prior year. The Recreation Fund balance as of June 30, 2015 was \$2,298,793, an increase of \$270,883 over the prior year. The Special Recreation fund decreased its fund balance by \$195,852 to \$682,968. The Debt Service Fund's fund balance increased by \$60,794 to \$461,988. The Capital Projects Funds increased its fund balance by \$5,324,813 to \$6,580,346.

Proprietary Funds

The proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status.

Major Proprietary Funds

The Oaks Recreation and The Oaks Fitness Center Funds are used to account for the operation and maintenance of Recreation Center. The cost of operations is recovered through membership fees and program fees.

Net position for the Oaks Funds was \$4,802,977 as of June 30, 2015, a decrease of \$57,634 from 2014. The operating expenses decreased by \$8,086 or 0.1%. Included with the current year operations is an increase in the cost of sales from \$78,997 to \$84,492 (7%), a decrease in payroll and related costs from \$407,563 to \$405,403 (0.5%), an increase in health insurance from \$30,533 to \$34,276 (12%), and an increase in contractual expenses from \$118,749 to \$119,664 (0.7%). Operating income increased by \$27,623 or 3.3%, while nonoperating activity recorded an expense of \$247, which is primarily due to a loss on the disposal of capital assets.

General Fund Budgetary Highlights

During the 2014-2015 Budget year, the District did not revise the annual operating budget.

The General Fund is reported as a major fund, and accounts for the routine park operations of the District.

Revenues in the general fund were \$982,201, which exceeded budget by \$39,133 (4.15%). Expenditures were \$757,208, which was \$565,951 (42.77%) under budget. The net budget variance was a favorable \$605,084.

Mokena Community Park District, Illinois
Management's Discussion and Analysis
June 30, 2015

Capital Assets

The District's net investment in capital assets for governmental and business-type activities as of June 30, 2015 was \$11,460,247 and \$4,402,959 respectively.

Major capital assets events during the fiscal year included vehicle purchases, equipment purchases, land improvements, and construction in progress. See Note 4 to the financial statements for further information regarding Capital Assets.

Debt Administration

During the current fiscal year, the Park District issued two new bonds for a total of \$6,500,000. As of June 30, 2015, the District has general obligation bond issues outstanding, including the related issuance premiums of \$8,960,953. The fund balance of the Debt Service Fund amounted to \$461,988 as of June 30, 2015. See Note 5 to the financial statements for further information regarding Debt Administration.

Factors Bearing on the District's Future

At the time these financial statements were prepared and audited, the District was not aware of any existing conditions that would adversely affect its financial health in the future.

Contacting the District's Financial Management

This financial report is designed to provide a general overview of the District's finances, comply with finance related laws and regulations, and demonstrate the District's commitment to public accountability. If you have any questions about this report or would like to request additional information, please contact District Office at 10925 LaPorte Road, Mokena, Illinois 60448.

Mokena Community Park District, Illinois

Notes to the Financial Statements

June 30, 2015

1. Summary of Significant Accounting Policies

The Mokena Community Park District (District) is incorporated under the laws of the State of Illinois and is located in Mokena, Illinois. The District services portions of the Villages of Frankfort, New Lenox, and Tinley Park in Will and Cook County. The Park District operates under a Board-Manager form of government, providing recreation and other services to the residents of Mokena, which include recreation programs, park management, capital development, and general administration.

Financial Reporting Entity

As defined by accounting principles generally accepted in the United States of America established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

- 1) Appointment of a voting majority of the component unit's board, and either (a) the ability to impose will by the primary government, or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- 2) Fiscal dependency on the primary government.

The accompanying financial statements present the Mokena Park District only. There are no component units required to be included with these financial statements.

The District has a separately elected Board, the power to levy taxes, the authority to expend funds, the responsibility to designate management, the ability to prepare and modify a budget, and the authority to issue debt. Therefore, the District is not included as a component unit of any other entity.

Basis of Presentation

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. Governmental Activities generally are financed through taxes, intergovernmental revenue, and non-exchange revenue. Business-type activities are generally financed through user charges.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges to residents who purchase, use or directly benefit goods, services or privileges provided by a given function, and grants and contributions that are restricted to meeting the operational and capital requirements of a particular function. Revenues that are not classified as program revenues, such as taxes and other income items that are not specifically related to a function are reported as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the District.

Mokena Community Park District, Illinois

Notes to the Financial Statements

June 30, 2015

1. Summary of Significant Accounting Policies (Continued)

The District has reported three categories of program revenues in the Statement of Activities (1) charges for services, (2) program-specific operating grants and contributions, and (3) program-specific capital grants and contributions. Program revenues are derived directly from the program itself or from external sources, such as State of Illinois; they reduce the net cost of each function to be financed from the District's general revenues. For identifying the function to which program revenue pertains, the determining factor for charges for services is which function generates the revenue. For grants and contributions, the determining factor is the function to which the revenues are restricted.

Eliminations have been made in the Statement of Net Position to remove the "grossing up" effect on assets and liabilities within the governmental and business-type activities' columns for amounts reported in the individual funds as internal receivables and payables. Similarly, transfers between funds have been eliminated in the Statement of Activities.

Net position represents the difference between assets and liabilities. Net investments in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition/construction of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures/expenses. Governmental resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. An emphasis is placed on major funds. A fund is considered major if it is the primary operating fund of the District (General Fund) or meets the following criteria:

- a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds

Governmental funds are those through which all governmental functions of the District are financed. The District's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of changes in financial positions, rather than upon net income determination. The following are the District's governmental funds:

General Fund – The General Fund is the general operating fund of the District. It is used to account for and report all financial resources not accounted for and reported in another fund.

Mokena Community Park District, Illinois

Notes to the Financial Statements
June 30, 2015

1. Summary of Significant Accounting Policies (Continued)

Special Revenue Funds – Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

The major special revenue funds are the following:

Recreation Fund – Accounts for all revenue and expenditures related to the recreation activities and programs. Revenues of the Recreation Fund include property taxes, user charges, contributions, and miscellaneous income.

Special Recreation Fund - Accounts for all revenue and expenditures related to special recreation activities and programs. Revenues of the Special Recreation Fund include property taxes.

Debt Service Fund – The Debt Service Fund (a major fund) is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest on general long-term debt primarily from taxes levied by the District.

Capital Projects Fund – The Capital Projects Fund (a major fund) is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Proprietary Fund

The proprietary fund is used to account for the District's ongoing organizations and activities, which are similar to those often, found in the private sector. The measurement focus is based upon determination of net income. The proprietary fund separates all activity into two categories: operating and non-operating revenues and expenses. Operating revenues and expenses result from providing services and producing and delivering goods. Non-operating revenues and expenses entail all other activity not included in operating revenues and expenses – generally revenues from grants and interest and expenses for debt service.

Enterprise Fund – The enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the District is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

The District's major enterprise funds are the Oaks Fitness Center Fund and the Oaks Recreation Center Fund, which accounts for the revenue and expense related to providing an exercise center for patron use and an establishment for District programs, respectively.

Mokena Community Park District, Illinois

Notes to the Financial Statements

June 30, 2015

1. Summary of Significant Accounting Policies (Continued)

Basis of Accounting

The government-wide statements and the fund financial statements for the proprietary fund are reported using the modified cash basis of accounting. Revenues, expenses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when cash is received or paid. This basis means that in addition to the cash basis transactions of the District's individual funds, all capital asset activity including depreciation of capital assets is reported, and all long-term liability activity is included. This accounting basis differs from full-accrual accounting in that certain short-term receivables and payables are not reported.

Governmental fund financial statements are also reported using the modified cash basis of accounting. In modified cash basis accounting, revenues are recognized when received and expenditures are recognized in the accounting period when paid. The governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Other Significant Accounting Policies

Investments

Investments of the District are carried at cost. The fair value of the position in the Illinois Funds Money Market Fund is the same as the value of the pool shares.

Capital Assets

Capital assets are stated on the basis of historical cost (estimated for certain items purchased prior to July 1, 2003). Major capital asset additions are financed primarily from bond proceeds. Assets acquired through gifts or donations are recorded at their estimated fair value at the time of acquisition. The District has established a capitalization threshold of \$5,000 for improvements and buildings, and \$1,000 for equipment.

Depreciation of Capital Assets

Depreciation has been provided over the estimated useful lives of the assets using the straight-line method. The estimated useful lives are shown below:

Improvements	20 Years
Buildings	20-50 Years
Machinery and Equipment	5-20 Years
Vehicles	8 Years

Mokena Community Park District, Illinois

Notes to the Financial Statements

June 30, 2015

1. Summary of Significant Accounting Policies (Continued)

Interfund Transactions

The District has the following types of interfund transactions:

Loans – amounts provided with a requirement for repayment. Interfund loans are reported as internal receivables (due from other funds) in lender funds and internal payables (due to other funds) in borrower funds.

Reimbursements – repayments from the funds responsible for particular expenditures/expenses to the funds that initially paid for them. Reimbursements are reported as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the reimbursed fund.

Transfers – flows of assets (typically cash) without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making the transfers and as other financing sources in the funds receiving transfers. In the proprietary funds, transfers are reported after nonoperating revenues and expenses.

Fund Balances

The District's fund balances are required to be reported using five separate classifications as listed below. The District may not necessarily utilize each classification in a given fiscal year.

Nonspendable fund balance – Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact. This classification may include inventories and assets held for sale.

Restricted fund balance – Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

Committed fund balance – Amounts that can only be used for specific purposes because of a formal action (resolution or ordinance) by the District's highest level of decision-making authority, the District's Board of Commissioners.

Assigned fund balance – Amounts that are constrained by the District's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the District's Board of Commissioners, or another body (such as a Finance Committee), or by an official to whom that authority has been given. With the exception of the General Fund, assigned fund balance is the residual fund balance classification for all governmental funds with positive balances.

Unassigned fund balance – This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which amounts had been restricted, committed or assigned.

Mokena Community Park District, Illinois

Notes to the Financial Statements

June 30, 2015

1. Summary of Significant Accounting Policies (Continued)

Use of Resources Policy

The District considers restricted resources to have been used first when an expenditure/expense is incurred for purposes for which both restricted and unrestricted balances are available. Committed, assigned, and unassigned amounts are considered to have been spent in that order when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. Expenditures incurred for a specifically identified purpose will reduce the specific identified classification of fund balance.

Use of Estimates

The process of preparing financial statements in conformity with the modified cash basis of accounting requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

2. Cash and Investments

Common Bank Account

Separate bank accounts are not maintained for all District Funds; instead, the individual funds maintain their cash balances in the common checking account, with accounting records being maintained to show the portion of the common account balance attributable to each participating fund.

Deposits

Cash deposits consisted of checking accounts, which were carried at cost. At June 30, 2015, the carrying amount of the District's deposits was \$12,423,190 (including \$2,160 held in petty cash funds) and the bank balance was \$12,470,589.

Custodial Credit Risk – this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires that all deposits be fully insured or collateralized. As of year-end, the District's total bank balance was insured by Federal Depository Insurance.

Investments

Credit Risk – The District is allowed to invest in securities as authorized by the Public Funds Investment Act (30 ILCS 235). The District's investment policy does not further limit its investment choices.

Mokena Community Park District, Illinois

Notes to the Financial Statements
June 30, 2015

2. Cash and Investments (Continued)

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of June 30, 2015, the District held \$12,362,562 in Illinois Funds money market accounts.

Concentration of Credit Risk – The District limits the amount it may invest in any one bank or savings and loan to ten percent of the investment portfolio. At year-end, the District held all of its deposits in one bank and all of its investments in one investment pool.

Interest Rate Risk – The District’s formal investment policy limits investment maturities to money market mutual funds and short-term investments as a means of managing its exposure to fair value losses arising from increasing interest rates. The District’s year-end investments consisted of a money market account in one investment pool.

The Illinois Funds Money Market Fund is an external investment pool created by the Illinois General Assembly. The fund invests in U.S. Treasury bills and notes, in fully collateralized time deposits in Illinois financial institutions, in collateralized repurchase agreements, and in treasury mutual funds that invest in U.S. Treasury obligations and collateralized repurchase agreements. The Illinois Funds is rated AAAM by Standard & Poor’s rating services.

3. Property Taxes

The District’s property tax is levied each year on all taxable real property location in the District on or before the last Tuesday in December. The levy was passed by the Board on November 25, 2014. The property taxes attach as an enforceable lien on property as of January 1.

Property taxes are collected by the Will County Treasurer who remits to the District its share of the taxes collected. Taxes levied in one year become payable during the following year in two installments, one on June 1 and the second on September 1.

Property taxes are collected by the Cook County Collector who remits to the District its share of the taxes collected. Taxes levied in one year become payable during the following year in two installments, one on March 1 and the second on August 1, or 30 days after the tax bills are mailed, whichever is later. The first installment is an estimated bill, and is one-half of the prior year’s tax bill. The second installment is based on the current levy, assessment and equalization, and reflects any changes from the prior year in those factors.

4. Capital Assets

Capital Asset activity for the year ended June 30, 2015 was as follows:

	<u>Beginning</u> <u>Balance</u>	<u>Additions</u>	<u>Dispositions</u>	<u>Classification</u> <u>Adjustment</u>	<u>Ending</u> <u>Balance</u>
<i>Governmental Activities:</i>

2012 Debt Premium	<u>103,593</u>	<u>189,719</u>	<u>10,359</u>	<u>282,953</u>	<u>-</u>
Total Governmental Activities	<u>\$ 3,714,593</u>	<u>\$ 6,689,719</u>	<u>\$ 1,443,359</u>	<u>\$ 8,960,953</u>	<u>\$ 615,000</u>

The following is a summary of debt service principal and interest maturities for each of the next five fiscal years and in five-year increments thereafter required to service all governmental long-term obligations at June 30, 2015.

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016	\$ 615,000	\$ 331,794	\$ 946,794
2017	588,000	249,995	837,995
2018	445,000	235,825	680,825
2019	455,000	222,825	677,825
2020	465,000	207,725	672,725
2021-2025	2,340,000	796,775	3,136,775
2026-2030	1,740,000	474,525	2,214,525
2031-2035	<u>2,030,000</u>	<u>180,113</u>	<u>2,210,113</u>
	<u>\$ 8,678,000</u>	<u>\$ 2,699,577</u>	<u>\$ 11,377,577</u>

The District's debt commitments as of June 30, 2015 are as follows:

The *2011 General Obligation Debt Bonds* were issued November 22, 2011, for \$765,000 for the purpose of park improvements. These bonds are payable in varying annual installments beginning December 30, 2012 through December 30, 2016, with interest rates ranging from 1.150% to 2.050%. Interest is payable on these bonds semiannually on June 30 and December 30 through December 30, 2016.

The *2015A General Obligation Debt Bonds* were issued March 12, 2015, for \$5,825,000 for the purpose of park improvements. These bonds are payable in varying annual installments beginning June 30, 2016 through December 30, 2034, with interest rates ranging from 3.000% to 4.000%. Interest is payable on these bonds semiannually on June 30 and December 30 through December 30, 2034.

Mokena Community Park District, Illinois

Notes to the Financial Statements
June 30, 2015

5. Long-Term Debt (Continued)

The *2015B General Obligation Debt Bonds* were issued March 12, 2015, for \$675,000 to current refund the 1996 Referendum. These bonds are payable in varying annual installments beginning June 30, 2016 through December 30, 2017, with an interest rate of 3.000%. Interest is payable on these bonds semiannually on June 30 and December 30 through December 30, 2034.

The *2012A General Obligation Limited Tax Debt Certificates* were issued September 25, 2012, in the amount of \$ 2,405,000 to refund the remaining \$1,465,000 General Obligation Debt Certificates, Series 2005, which were issued to finance the Oak Recreation Center, and to issue \$940,000 for land acquisition and various construction projects. Certificate proceeds will also be used to pay transaction costs. The bonds are payable in varying quarterly installments beginning October 25, 2012 through June 30, 2024 with interests rates ranging from 2.000% to 3.000%.

6. Interfund Transfers

The District made a transfer of \$42,923 from the Recreation Fund and \$28,658 from the Special Recreation Fund to the Oaks Recreation Center and the Oaks Fitness Center Funds to record capital assets placed into service at the Oaks Recreation and Fitness Center.

7. Pension and Retirement Commitments

Illinois Municipal Retirement Fund

Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-District public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

The District participates in the Regular Plan (RP).

Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Mokena Community Park District, Illinois

Notes to the Financial Statements

June 30, 2015

7. Pension and Retirement Commitments (continued)

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2014, the following employees were covered by the benefit terms:

Retirees and Beneficiaries currently receiving benefits	7
Inactive Plan Members entitled to but not yet receiving benefits	17
Active Plan Members	<u>18</u>
Total	<u><u>42</u></u>

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires Districts to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2014 was 13.03%. For calendar year 2014, the District contributed \$96,871 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The District's net pension liability was measured as of December 31, 2014. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2014:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 3.5%.
- **Salary Increases** were expected to be 3.75% to 14.50%, including inflation.
- The **Investment Rate of Return** was assumed to be 7.50%.

Mokena Community Park District, Illinois

Notes to the Financial Statements

June 30, 2015

7. Pension and Retirement Commitments (continued)

- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2014 valuation according to an experience study from years 2011 to 2013.
- The IMRF-specific rates for **Mortality** (for non-disabled retirees) were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For **Disabled Retirees**, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For **Active Members**, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
- The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized below:

<u>Asset Class</u>	<u>Portfolio Target Percentage</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	38.00%	7.60%
International Equity	17.00%	7.80%
Fixed Income	27.00%	3.00%
Real Estate	8.00%	6.15%
Alternative Investments	9.00%	5.25-8.50%
Cash Equivalents	<u>1.00%</u>	2.25%
Total	100.00%	

Single Discount Rate

A Single Discount Rate of 7.50% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that District contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

Mokena Community Park District, Illinois

Notes to the Financial Statements
June 30, 2015

7. Pension and Retirement Commitments (continued)

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.50%, the municipal bond rate is 3.56%, and the resulting single discount rate is 7.47%.

Changes in the Net Pension Liability

Changes in the Net Pension Liability are derived from the changes in the total pension liability and changes in the plan net position. The Schedule of Changes in Net Pension Liability and Related Ratios, presented as required supplemental information (RSI) following the notes to the financial statements, presents current period changes in the total pension liability and plan net position.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.47%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

	1% Lower <u>(6.47%)</u>	Current <u>(7.47%)</u>	1% Higher <u>(8.47%)</u>
Total Pension Liability	\$ 3,255,986	\$ 2,888,681	\$ 2,584,364
Plan Fiduciary Net Position	<u>2,386,049</u>	<u>2,386,049</u>	<u>2,386,049</u>
Net Pension Liability	<u>\$ 869,937</u>	<u>\$ 502,632</u>	<u>\$ 198,315</u>

The net pension liability, deferred outflows of resources, and deferred inflows of resources are not reported in financial statements using the modified cash basis of accounting described in Note 1.

8. Risk Management

Property/Casualty Program – The Mokena Park District is exposed to various risks related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and net income losses.

Since June 1, 1992, the Mokena Park District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program. PDRMA is a public entity risk pool consisting of park districts, forest preserve districts, special recreation associations, and certain non-profit organizations serving the needs of public entities formed in accordance with the terms of an intergovernmental cooperative agreement among its members. The following table is a summary of the property/casualty coverage in effect for the period January 1, 2015 through January 1, 2016.

Data Protection & Business Interruption	1,000	100,000	\$2,000,000/occurrence/annual aggregate		
First Party Business Interruption	8 hours	100,000	\$2,000,000/occurrence/annual aggregate		
7. Volunteer Medical Accident	None	5,000	\$5,000 medical expense and AD&D excess of any other collectible insurance	Self-insured	
8. Underground Storage Tank Liability	None	N/A	\$10,000 follows Illinois Leaking Underground Tank Fund	Self-insured	
9. Unemployment Compensation	N/A	N/A	Statutory	Member funded	

Losses exceeding the “per occurrence” self-insured and reinsurance limit would be the responsibility of the Mokena Park District.

As a member of PDRMA's Property/Casualty Program, the Mokena Park District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the Mokena Park District and PDRMA is governed by a contract and the by-laws that have been adopted by resolution of the Mokena Park District's governing body.

Mokena Community Park District, Illinois

Notes to the Financial Statements

June 30, 2015

8. Risk Management (Continued)

The Mokena Park District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by PDRMA.

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property / Casualty Program's balance sheet at December 31, 2014, and the statement of revenues and expenses for the period ended December 31, 2014. The Mokena Park District's portion of the overall equity of the pool is 0.111% or \$45,703.

Assets	\$62,397,015
Liabilities	\$21,080,991
Member Balances	\$41,316,024
Revenues	\$20,548,979
Expenditures	\$19,517,301

Since 96 percent of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

Health Program – On September 1, 1997, the Park District became a member of the Park District Risk Management Agency (PDRMA) Health Program, a health benefits pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life, and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$250,000. Until January 1, 2001, the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN)

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of PDRMA Health Program, the Park District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and PDRMA Health Program is governed by a contract and by-laws that have been adopted by resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

Mokena Community Park District, Illinois

Notes to the Financial Statements
June 30, 2015

8. Risk Management (Continued)

The following represents a summary of PDRMA Health Program's balance sheet at December 31, 2014, and the Statement of Revenues and Expenses for the period ending December 31, 2014.

Assets	\$13,504,793
Liabilities	\$ 4,608,610
Member Balances	\$ 8,896,183
Revenues	\$33,887,630
Expenditures	\$32,208,702

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

9. Joint Venture – Lincolnway Special Recreation Association

The District is a member of the Lincolnway Special Recreation Association (LWSRA), established through Section 8-10.1 of the Park District Code, to provide recreation facilities and programs for special populations within the respective park districts. A separate levy is made by each park district to fund the operations of LWSRA. The Park District's contribution to LWSRA for the year ended June 30, 2015 was \$201,762.

In fiscal year 2013, LWSRA issued \$2,025,000 in debt certificates for facility construction. Per the issuance, all members are responsible for their proportionate share of debt service on the project. The proportionate share of this debt to the Mokena Park District as of June 30, 2015 is \$189,134. This debt is expected to be paid directly by LWSRA and is therefore not included as a financial obligation of the Mokena Park District.

10. Commitments and Subsequent Events

Subsequent to June 30, 2015, the District entered into a construction commitment of approximately \$620,570 for capital improvements to The Oaks and Yunker Farm. The District has incurred no costs as of June 30, 2015.

Notes to Supplementary Information
June 30, 2015

A - Budgetary Data

The Board of Commissioners followed these procedures in establishing the budgetary data reflected in the financial statements. At the July Board Meeting, the Director submits to the Board of Commissioners, a proposed operating budget for the upcoming fiscal year commencing July 1. The budget is scheduled to be approved at the August Board Meeting. The operating budget includes proposed expenditures and the means for financing. The budgetary operations of the Park District are governed by appropriation laws detailed in the Illinois Park District Code. Notice is given, and public meetings are conducted to obtain taxpayer comments. The Board may add to, subtract from, or change appropriations, but may not change the form of the budget. Prior to the end of the first quarter of each fiscal year, the budget is legally enacted through the passage of an annual combined budget and appropriation ordinance.

Budgets for the Governmental Funds of the Park District are legally adopted on a basis consistent with the modified cash basis of accounting. Expenditures may not legally exceed appropriations at the fund level. Any expenditures in excess of the legally adopted appropriation must be approved by the Park District Board through a supplemental appropriation. No supplemental appropriations were required during fiscal year 2015.

After the six months of any fiscal year, the Park District Board may, by a two-thirds vote, amend the initially approved apportion ordinance. Unused appropriations lapse at the end of the fiscal year. Expenditures legally may not exceed the total of appropriations and beginning fund balance at the fund level.

Management can make transfers between individual expenditures categories of a fund (i.e. services, utilities, etc.) for up to 10% of the budgeted amount. However, Board of Commissioners approval is required in order for management to make transfers between different funds.

B - Budget Basis of Accounting

Budgetary information for individual funds is prepared on the same basis as the basic financial statements. The budget is prepared in accordance with the Illinois Park District Code and is derived from the combined annual budget and appropriation ordinance of the Park District.

C - Summary of Actuarial Methods and Assumptions used in the Calculation of the 2014 Contribution Rate

Valuation Date

Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 month prior to the beginning of the fiscal year in which contributions are reported.

Mokena Community Park District, Illinois

Notes to Supplementary Information

June 30, 2015

C - Summary of Actuarial Methods and Assumptions used in the Calculation of the 2014 Contribution Rate (continued)

Methods and Assumptions Used to Determine 2014 Contribution Rates

Actuarial Cost Method:	Aggregated entry age = normal
Amortization Method:	Level percentage of payroll, closed
Remaining Amortization Period:	29-year closed period
Asset Valuation Method:	5-year smoothed market; 20% corridor
Wage Growth:	4%
Price Inflation:	3%, approximate; No explicit price inflation assumption is used in this valuation
Salary Increases:	4.40% to 16%, including inflation
Investment Rate of Return:	7.50%
Retirement Age:	Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2011 valuation pursuant to an experience study of the period 2008 to 2010.
Mortality:	RP-2000 Combined Healthy Mortality Table, adjusted for mortality improvements to 2020 using projection scale AA. For men, 120% of the table rates were used. For women, 92% of the table rates were used. For disabled lives, the mortality rates are the rates applicable to non-disabled lives set forward 10 years.

Other Information

There were no benefit changes during the year.
